ELECTRIC RAILWAY MEN PLAN TO EXTEND PUBLIC RELATIONS

Approve Project to Raise \$50,000 Fund With a View to Spreading Propaganda at Fair Profit.

ATLANTIC CITY, N. J., Oct. U .- While no attempt is to be made immediately to raise funds because the time is deeme unpropitious, no difficulty is unticipated in procuring \$5,000 to be used by the American Electric Railway Association to spread the gospel of public relations.

Trolley magnates of the country today voiced approval of the declaration of Thomas McCarter, president of the Pub-He Service Corporation, Newark, that at legat \$50.000 will be necessary for magazine and newspaper articles and other forms of publicity to carry out the propaganda of fair profit. State rather than local regulation and protection of trolley corporations against excessive demands for wages and strikes.

Until the financial skies clear and the companies are prepared to finance the movement, every trolloy executive in the country is expected to serve as a voluntary publicity agent. No amount of legislative enactment, it will be aggressively maintained, can ever make permanent the delivery of an article for less than its cost, or establish a 5-cent service for a Secent fare. It is the development of a demand for under-nickel transportation that the trolleymen most fear. The as-sertion is made that the electric railways have allowed the demagogue to occupy

the stage too lons.

A. J. Rowland, dean of the Engineering Department of Prexel institute, and Harold Pender and James T. Hood, Professors of Electrical Engineering, University of Pennsylvania, were guests at versity of Pennsylvania, were guests a dinner tendered the executives on prising the Public Relations Board is night. An interesting feature of the covention also was the conferring of the degree of "Engineer of Good Will" upon the figure in the national movement of the joint use of poles by wire corporations throughout the country. Philadelphia Rapid Transit, in movin for the establishment of motorbus service, is following a general movement, was declared today. Five of such companies are seeking franchises in Chicago

was declared today from a second panies are seeking franchises in Chicage at 10-cent fare. Another company with 105 vehicles will so into operation sooi in Los Angeles. It is assorted that in Detroit a municipal line at a three-cen fare, and a maximum hall of six miles was abandened after a short trial. Seven other companies are reported as failures. The trackless troller has not grown as the electric line men feared.

The main convention closes today, with

an important discussion on practitests with the zone system of fares.

8-MILES-AN-HOUR FOR AUTOS AT CORNERS, PROPOSED RULE

Ordinance Introduced In Councils Follows Sulzberger Criticism.

GERMANS FILL HALL AND BROAD ST., TOO, TO MAKE PROTEST

Demand an Unbiased Press Marching Organizations. and Cheer Long and Loud Denunciations of England and Russia.

Eight thousand German-Americans attended a mass-meeting that lasted until nearly midnight last night in the hall of the Philadelphia Turngemeinde, denouncing England and her allies, and declaring that Germany had done all in her power to avert war and was not guilty of violating the neutrality of Belgium. Long before 8 o'clock every seat in the large hall was filled, and lovers of the Fatherland crowded the stage and alsles to such an extent that the police had to turn back thousands to the overflow meet-

Enthusiasm and sincerity marked every moment of the meeting. As the speakers earnestly presented their facts to show that Germany was not guilty of causing the war, the hall would fill with applause, followed with shouts that came from the heart. The audience waited patiently to hear the address of Dr. Kuhnemann, of the University of Breslau, who bears the reputation of being the world's greatest German speaker, "Germany did not start the great war in which she is now engaged," said Pro-

fessor Kuhnemann. "Germany has grown and prospered to such an extent that she surpassed the other nations of Europe, and they were determined that something must be done to curtail German growth. "The allied enemies of Germany have

done everything in their power to crush her. Their warfare has not been confined to the battlefields and the seas, but to the press as well. Necessity compels Russia and England to supply the press with news that is not true.

"The power of Russia will fall if she foes not keep Russia, the Balkans and Turkey supplied with news of victories Will of Capitalist and that never happen. England is in the composed of Canada, India, China, Japan and my friends, America, must be made Churches, Missions and her natural sympathizers and Germany and antagonists through the English-conher natural sympathizers and Germany's Hospitals Receive Legacies thing that Germany does not need those trolled press. It is a good and proud weapons of lying, but is relying on the power of her arms on the battlefield.

"Not Germany is responsible for the breaking of the neutrality of Belgium, secret military agreement with the Bel-

military archives in Brussels. "Germany did not want war and the Kaiser worked until the last second with

all his power for peace.
"No Russian soldier has been on German soil except as a prisoner of war.
The report that Breslau was on fire

while I was still there is untrue.

Doctor Kuhnemann spoke in German for three-quarters of an hour. A tumult of applause followed each declaration that ism, but fighting for the very existence of the Fatherland and for the advance ment of civilization.

Dr. C. J. Hexamer, a president of the German-American Alliance, was even more emphatic than Professor Kuhnemann in his declaration that, in view of the secret plans of the French and English to break through Belgium and flank the German army, the German General Staff would have been fit only for an

asslum for the weak-minded had they acted otherwise than they did.

"British munitions of war had been shipped to the city of Maubeuge," said Doctor Hexamer, "and they were found, dum-dum bullets and all, when the Germans took the city." mans took the city."

CITY SOLICITOR RYAN SPEAKS. City Solicitor Ryan joined Doctor Hexamer in his plea for an honest neutrality "We should insist upon it." said Mr. Ryan, "that an honest neutrality is observed, and not a neutrality of the lip and of the pen that can be used as a sword of oppression against one mighty nation and a shield of defense for an-

other England controls the American press. England has poisoned the wells of public opinion in America against Germany, but these newspapers that attack Germany to not represent honest American public

From out the conflict of contending Powers there will emerge a Germany radiant and united, and a Germany speaking again for 'Wahrheit, Freiheit ind Recht!"

militarism of Germany was delared to have been greatly exaggerated by the American press. According to President Hexamer, France and Russia have each annually spent more than Ger-many for armament, and England's ex-penditures last year amounted to \$480. 000,000. Barbarous Russia on one boundary, warlike, restless France on the other and England menacing the seas compelled Germany to become a military nation to preserve her own existence.

SOCIALIST ADDRESS.

Hermann Kreimer, a Socialist, said that the Socialists had not abandoned their stand against war, but that their phil-osophy allowed a war in self-defense. The progress and culture of Germany were in danger of being destroyed by the Russians. Therefore, the Social-Demo crais were justified in entering the war. The combined singing societies of Phil-

adelphia joined with the audience in singing "The Star-Spangled Banner," "Doutschland ueber Alles" and "Die Wacht am Rhein." City Solicitor Ryan, President Hexamer.

Magistrate Emely, Franz Ehrlich, a prominent attorney, and Alfred H. Mohr, of New York, spoke at the overflow John B. Mayer presided at the meeting and made a strong plea for a liberal contribution to the German Red Cross fund. It was announced that the collection amounted to several thousand dollars.

MILITARY PARADE BRIGHT FEATURE OF A CLOUDY DAY

Cadets and Regular Soldiers, With Martial Music, Drive Away Dulness at Wilmington.

FROM A STAFF CORRESPONDENT. WILMINGTON, Del., Oct. 15 .- With bands playing and colors flying, several thousand soldiers passed in review here this afternoon before Governor Miller in one of the most spectacular parades ever seen in Wilmington.

Daring feats of horsemanship, cadeta

from several military academies, militiamen and especially the "Regulars," all helped to make the parade a popular part of the Old Home Week celebration. Undaunted by the drizzling rain, many gray-haired veterans of the G. gray-naired veterans of the G. A. R. turned out, and their appearance in line was greeted by applause. Wilmington has never seen so many military organizations as today, and, unlike all the others held during the week, the parade this afternoon was greeted by thousands of persons who thronged the streets. Hundreds of pretty Wilmington girls

as they passed, and, as usual, the cadets seemed to be in favor.

The marchers received one continuou ovation as they passed. The mounted troops were greatly admired and their display of horsemanship was unusual. Several members of the cavalry squads had trained horses which showed up to

good advantage. Governor Miller, accompanied by Gen-oral I. Pusey Wickersham, adjutant general for the State; Mayor Howell and members of his staff reviewed the parade from the grandstand. Each co passed.

The participation of the regulars from Fort duPont was one of the many features of the parade, as regular troop have never before been seen in this city in times of peace. They marched in full dress uniforms headed by the 13th Coss Artillery Band under the direction of S.

V. Safranek Colonel Weller E. Stover, senior officer of the parade, headed the procession. He was accompanied by Major C. P. Hol-comb and Captain Joseph W. Lawson as aides. All commanding officers and members of the staff were mounted. The mounted detachment from the Pennsylvania Military College made an impressive showing. They were tight-fitting, light gray and white uniforms similar to

the West Point Cadets.

A full battalion from the 6th Regiment Pennsylvania National Guard, two com panies from Chester, one from Media and one from West Chester marched in full

AMONG THE VISITORS

Among the Home Week visitors is W. H. Tutty, of Washington, who has just returned to Wilmington after a 25year absence. Others who have re-turned are: Colonel H. G. Cavanaugh, U. S. A.; James W. King, Gatun Canal Zene; H. T. Hickey, Delmar, Del.; J. M. Harper and C. D. Donaldson, Chester; Mrs. D. Dupree, New York; J. A. Brad-ley, Riverton, N. J.; George H. Blest, Boston; Dr. F. Bernard, George V. Hanck and John McAdams, Philadel-phia; Mrs. David Lindsay Gillespie, Pittsburgh; Mrs. L. V. Emerson, New York. and Charles Dill, Cumberland, Md.
One of the interesting features of tre
day was the campaign started with the
motto. "See Delaware First."

It was fortunate that today was given to the military organizations, for with many bright uniforms the city threw off the duliness of cloudy weather.

The order of parade was: Four companies United States Coast Artillery from Fort duPont with band Major Steele commanding First Delaware Infantry with band. olonel Theodore Townsend commanding. Battalion of the 6th Pennsylvania Inantry. Major W. S. Baird commanding. Battalion of cadets from Delaware Col-

go under the command of Lieutenant Hermann, U. S. A.
One company Sons of Veterans. Members of the G. A. R. in automo-

Mounted detachment from the Pennsylania Military Academy of Chester. The committee for the parade follows: General I. Pusey Wickersham, adjutant general of the State, chief marshal and chairman; Lieutenant Colonel S. P. Doherty, Major J. W. Reed, Captain Joseph G. Lawson and Lieutenant Elid Hunt, U. S. A.

Tonight the Boy Scouts will parade un-

der the direction of C. M. Dillon, city

clerk of Wilmington, who has taken an ctive interest in the Boy Scout movenent, and Chief Scout Garrick S. Mallery, of Troop 2. The Boy Scouts have been untiring in their efforts to help patrol the streets and their parade undoubtedly will prove popular.

The boys have been drilling several onths and they are expected to make a fine showing. They undoubtedly will be well cheered as they have been shining

examples of courtesy to women, both old and young, to visitors and, in fact, to all. The formation of the parade will be First Division-Senior Scout Master Garrick Mallery, commanding. Boy Scout Band of Woodbury, N. J.; Troop No. Troop No. 8, Troop No. 7, Troop No. 8 Second Division-Municipal leces; Troop No. 9. Troop No. 10, Troop

Vo. 11, Troop No. 12. Third Division-Municipal Band, 30 deces: Troop No. 13, Troop No. 14, Troop No. 1, New Castle; Troop No. 1, Newport; Froop No. 1, Elsmere. Route of Parade-French to Front, to Market, to 11th, to Adams, to 9th, to

Market and dismiss. The Wilmington police have had their hands full in managing the large crowds that gather both day and night, but they have had the situation well in hand, and there has practically been no disturbance.
It is estimated that the city has far more visitors than ever before in its his-tory. Hotels and rooming houses are crowded and a still greater crowd is expected before the end of the week.

MUCH TO SEE TOMORROW. Tomorrow will witness the firemen's arade, the Mardi Gras and street car-ival. The firemen undoubtedly will make fine showing, for the simple reason that Wilmington is proud of its volunteer firmmen, and the men feel they will arise to the occasion. The parade will be inter-esting, since, with few exceptions, all fire companies in Wilmington are equipped with motor fire apparatus, and this will be shown for the first time in parada. More than 2000 mummers will take part the Mardi Gras carnival tomorrow ght, which will be the gala night of the ild Home Week. The marchers will b

masked, and confetti wars and dancies will be there aplenty. Among the out-of-town entries for the water carnival, Saturday, is the cruiss Eugenia, owned by Dr. Eugene Swayne of the Flat Rock Motorboat Club, and the Yachtsmen's Club of Philadelphia

House Adopts Alasks Bill WASHINGTON, Oct. 18.—The House let day adopted the conference report on the Alaska coal lease bill. The Schatc has approved the report and the bill sale sees to the President.
